

OC Auto Show Takes Over Anaheim Convention Center October 5-8

Indoor EV Performance Track, New-model Vehicles, Exotics, Pre-production Models, Test Drives and More

WHAT:

The [OC Auto Show](#) and SoCal Electrified Ride Experience will take over the Anaheim Convention Center with hundreds of new cars, trucks, crossovers, SUVs, electric vehicles, exotics, indoor EV rides, and more.

In conjunction with National Drive Electric Week, the show will offer **SoCal Electrified Ride Experience**, a massive **indoor EV test track and EV learning center**. Attendees will have the opportunity to take a thrill ride in all-electric vehicles from Cadillac, Ford, Hyundai, Kia, Nissan, Volvo, and Volkswagen. Professional drivers will demonstrate the quick acceleration, tight handling, and performance of these incredible all-electric vehicles. BMW will also offer outdoor EV test drives.

Celebrating SoCal's car culture, this is the place to check out the latest 2024-model vehicles in a non-selling environment. With so many choices now available, guests will have the opportunity to learn about hybrids, plug-in hybrids, EVs, fuel cell vehicles and of course traditional gas engines, helping them choose what best suits their needs. Attendees are invited to sit behind wheels, inspect engines, experience new technologies and even take a test drive.

Additionally, professional 4x4 drivers will take passengers on a thrilling interactive adventure along an off-road test track at Camp Jeep®. Lastly, the show will offer plenty of fun for the little ones including driving simulators, a scavenger hunt, photo opportunities, and more.
